"Studies on Fertilization and Ova Transfer in Rabbits" (National Science Foundation Grant) 1961-1962. Reported at Cornell University Symposium, 1962.

"Effect of DMSO on Oxygen Consumption in Cold Exposed Hamsters and Rats," Journal of Cryobiology, May 1967. Presented at Federation Proceedings, Atlantic City, August 1966.

"An Investigation of the Response of Cat Jejunum to DMPP In Vitro Using Cold Preparations," 1968, Upstate Medical Center.

"Recurrent Dislocation, Subluxation, and Chondromalacia Patellae - A Review and Evaluation of Treatment With the Dovetail Patellar Tendon Transfer," Thesis with Disputation, Yale University School of Medicine, Orthopaedic Surgery Division, presented May 1974.

"Dovetail Patellar Tendon Transfer - A Review of 89 Patients with Recurrent Patellar Dislocation, Subluxation, and Chondromalacia," Journal of Bone and Joint Surgery, Vol. 57A P. 1170.

"A Review of Patellar Resurfacing in Total Knee Arthroplasty," presented at Annual Meeting, Virginia Orthopaedic Society, May 1978, Hot Springs, VA.

"Patellar Fracture in Total Knee Replacement," presented to Annual Symposium, National Orthopaedic Hospital, 1978.

Paper and Exhibit: "Total Hip Replacement with Non-cemented Femoral Component, 3½-8 Years Follow-up." Authors John L. Albrigo, M.D., Charles A. Engh, M.D., and Gerard A. Engh, M.D. - American Academy of Orthopaedic Surgeons' Annual Convention, Las Vegas, NV, January 24-29, 1985.

"Experience with Non-cemented AML Acetabular Component In Total Hip Arthroplasty, 3 year Follow-up." Acetabular Arthroplasty Symposium, Arlington, VA, November 2, 1985.

"Dissociation of Metal Backed Patellar Components Complicating Total Knee Replacement Arthroplasty." Lombardi, A., Engh, G., Albrigo, J., Journal of Bone and Joint Surgery, June 1988.

"Arthroscopic Debridement of the Knee for Degenerative Arthritis" AAOS Annual Meeting Poster Exhibit 1992

"Fractures of the Greater Trochanter Secondary to Osteolysis Following Total Hip Arthroplasty" Paper presentation AAOS Annual Meeting, 1994 Heekin, D., Engh, C., Albrigo, J. et al

"Deep Vein Thrombosis post Arthroscopic Knee Surgery," unpublished paper, Branche, G., Albrigo, J., Teed, K. A Review of 250 Consecutive Cases with Duplex Imaging.

"Supracondylar Periprosthetic Femur Fractures: Multiple Procedures, Mechanisms of Failure and Revision Arthroplasty." Tobin, J., Engh, G., Glassman, A., and Albrigo, J. (unpublished review)

"A Synthetic Pentasaccharide for the Prevention of Deep-Vein Thrombosis after Total Knee Replacement. An international multicenter study of an investigational drug, Phase III and III FDA Trials. 1998-2000

"Fondaparinux Compared With Enoxaparin For The Prevention Of Venous Thromboembolism After Elective Major Knee Surgery." Bauer, K., Eriksson, B. et al for the Steering Committee of the Pentasaccharide In Major Knee Surgery Study. New England Journal of Medicine, Vol. 345, No. 18. Nov. 1, 2001

"Total Hip and Knee Replacement Surgery--Are You A Candidate?" Lecture Series, Health Education Program Inova Health System, 2005 to present

Current Interests: Minimally Invasive Total Hip Replacement  
Minimally Invasive Total Knee Replacement  
Enhancement of Post Operative Pain Management  
Fixation Alternatives in Total Knee Replacement  
Bearing Surfaces in Joint Replacement  
Instrument Design/Modification
